

Assistant Engineer

Award-winning recycling and sustainable solid waste agency seeks energetic, versatile professional to join our team as the Assistant Engineer. This leadership position helps with the planning permitting and environmental oversight for many aspects of OCRRA's operations. Provide insight and assistance in all engineering issues related to infrastructure, construction, contract management and NY State and Federal environmental laws and regulations. Critical thinking, strategic planning, excellent computer skills and effective communication skills are keys to success in this opportunity.

Qualified candidates must possess a Bachelor's Degree in Civil or Environmental Engineering, and two (2) years of professional level work experience in engineering and certification as an Engineer in Training in New York State.

The position is a provisional civil service appointment. Salary range for this position is \$56,533 to \$84,800. Send application, resume and letter of interest to Maureen Nosik, Onondaga County Resource Recovery Agency, 100 Elwood Davis, North Syracuse, NY 13212 or e-mail your response to mnosik@ocrra.org. Applications can be obtained on the Employment page at OCRRA.org and will be accepted until December 30, 2021.

OCRRA is an equal opportunity employer.
