REGISTRATION OPEN FOR OCRRA'S ANNUAL EARTH DAY LITTER CLEANUP

Join us to brighten up Onondaga County April 24-25

SYRACUSE, NY – Show Onondaga County some love! Sign up for OCRRA's 2026 Earth Day Litter Cleanup. Registration is now open. Thousands of volunteers across Onondaga County will join the effort Friday, April 24 - Saturday, April 25. This is a great way to start a new season with cleaner streets, parks and neighborhoods.

Volunteering is very flexible for individuals or groups. Registrants get to choose a public space where they'd like to pick up litter in Onondaga County on April 24-25 (or both). OCRRA will provide instructions for free disposal of litter collected and dropped off at designated areas on those dates. The **registration deadline is Tuesday, April 14, 2026**, to give OCRRA time to share details with each group via mail. OCRRA will weigh the litter collected and let everyone know the impact of their contributions. Individuals or group organizers can visit www.OCRRA.org/earthday to register online now.

Every volunteer makes a difference. Over three million pounds of litter has been removed from our community since the program's inception in 1991. Dedicated local companies, families, neighbors and friends have organized teams for this special event over the years. [Watch](#) a recap of last year's cleanup on our YouTube page. Together, we can save the world a little each day.

About OCRRA

OCRRA is a non-profit, public benefit corporation created by the New York State Legislature to oversee solid waste management and the resource recovery system for Onondaga County residents. The agency operates a transfer station on Rock Cut Road and the Jamesville and Amboy Compost Sites. OCRRA also oversees partnerships for recycling services, Waste-to-Energy operations, and household hazardous waste management, among other services. For more information, visit www.OCRRA.org.
