

Mercury Event 2026 RFQ Questions and Answers

1. Will the vendor be required to provide the labor, container, and other packaging materials for the thermostats that will be managed through the Thermostat Recycling Corporation program?
 - a. No. OCRRRA will provide the containers and labor to collect, package, and ship these materials.
2. Are thermostats the only items that will be handled through the Thermostat Recycling Corporation program?
 - a. Yes.
3. Can the County provide (in pounds) how much elemental mercury has been collected at each event over the past two years?
 - a. See table below.
4. Can the County provide (in pounds) how much mercury containing devices (thermostats, thermometers, and other mercury containing items) have been collected at each event over the past two years?

Year	Thermo METERS	Thermo STATS	Elemental Hg (lbs)
2021	140	110	7.00
2022	89	51	0.03
2023	158	78	1.04
2024	119	43	3.00
2025	185	44	17.50
